# The History of Chelmsford Golf Club

Golf has been played at Chelmsford Golf Club across three centuries. The timeline below highlights some of the major developments that have taken place during the last 130 years, including a relocation from Galleywood to Widford just before the First World War.

We are proud of our long, illustrious history as one of the oldest private members' clubs in the county and we are equally proud of our tradition of being a welcoming, inclusive club with a membership that spans all ages, abilities and backgrounds.

We look forward to continuing to offer challenging, enjoyable golf in beautiful surroundings, to both members and visitors for decades to come.

Some notable events from our 130-year history are featured in our website timeline; [Club Heritage - Chelmsford Golf Club](#)

# Course Information

We ask that all our society guests play from the Yellow/Red tees of the day.

Yardage markers on the sprinkler heads can be measured to the centre of the green and our flag positions on the green are;  
**Red** = Front / **Yellow** = Middle / **White** = Back.

On course toilet facilities can be found at the Carter Cabin, our half way house which also stocks a fantastic range of hot & cold food along with soft & alcoholic beverages.

The course ratings are displayed outside the professional shop and on both the first and tenth tee. Along with the local rules they can also be found by scanning the QR code (right).
